

Villa Alqueria

Region: Mallorca Sleeps: 8

Overview

Villa Alqueria is a delightful farmhouse style villa. The villa has been refurbished for 2010 paying particular attention to detail and modern design, but still keeping its charm and charisma.

Off the entrance hall, there is a spacious lounge featuring lofty cathedral ceilings with exposed beams, sky light windows and open stone walls. French doors lead out to a side terrace where it is comfortable to sit and quietly read on the traditional stone seating. Windows also look over the pool and BBQ area. There is also a toilet located off the hallway.

To the right of the entrance hall is a delightful dining room which goes into a purpose built integrated kitchen. Also off the dining room is a twin bedroom with an ensuite shower room.

A wide staircase leads up to the first floor landing. Off of this landing is a double bedroom with an ensuite shower room, a twin bedroom with an ensuite shower room, a twin bedroom and a full bathroom with a separate shower. Outside there is a covered built in BBQ with a long table and chairs sufficient for ten people to sit easily round. A fridge and sink compliment the area as do the delightful curtains which will enclose the area should you wish at night. To the side of the BBQ area are a WC and a utility room.

The pool area has been upgraded with a teak deck to one end of the pool, lawns to two sides and a stoned patio runs along the other. Whilst bougainvillea plants climb the walls.

The covered terrace close to the BBQ area is furnished with wicker sofa and chairs, a fantastic place to sit with your glass of wine in the evening. There is also stone seating with covered cushions along the low walls of the terrace.
